This is the first office action for application number 10/670,229, Storage Stand, filed on September 26, 2003.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: the primary reasons for the allowance of the claims in this application are the limitations of a storage stand having multiple shelves, multiple through holes defined through the top surface of the shelves and each through hole being near a corner, vertical edges of the shelf, bottom lips integrally formed with the vertical edges and having arcuate edges corresponding to the through holes, multiple split tubular sleeves, two vertical braces integrally formed respectively with the non-parallel ends of the top piece of multiple brackets, and two tabs integrally formed respectively with and extending out from the vertical braces and welded to the bottom lips between which the split tubular sleeve is mounted, included independent claim 1 and in combination with the other elements recited in the claim, which is not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
